

# Max/Min Alarm, In/Out Thermometer

Part # 4099784

- Records & displays maximum & minimum temperature
- Displays nutrient tank or grow room temperature

This max/min alarm thermometer simultaneously displays the actual temperature whilst displaying the maximum and minimum temperatures. The instrument measures the grow room (in) temperature over the range of 0 to 49.9°C using the unit's internal sensor. Utilising the remote external temperature sensor the unit measures nutrient tanks and similar over the range of -49.9 to 69.9°C.

The unit features a programmable hi/low temperature alarm that will sound when the pre-set limits have been exceeded, making this instrument ideal for monitoring growing cabinets. The unit is housed in an ABS case, measuring 20 x 65 x 97mm, that incorporates a useful foldaway stand and a keyhole slot for hanging on a wall.

specification	max/min & in/out
range - out	-49.9 to 69.9°C
range - in	0 to 49.9°C
resolution	0.1°C or 0.1°F (switchable)
accuracy	±1°C
battery & life	1.5 volt AAA - 5000 hours
sensor type	thermistor
display	custom LCD
weight	73 grams
dimensions	20 x 65 x 97mm

RBS SUPPLEMENT

## RBS Anti-bacterial Wipes

Part # 4099830 (Box of 6 tubs)  
Part # 4099831 (1 tub)

Each tub contains 200 blue anti-bacterial ProbeWipes that measure 130 x 130mm.

An optional wall bracket is available (part # 4099824), enabling a single tub of wipes to be conveniently positioned.

## AI-368 Thermometer

Part # 4099668

- Water resistant (IP65)
- Reduced tip for fast response
- Max/min & hold functions
- Accuracy of ±1°C (between -10 to 100°C)
- Auto off
- Protective sleeve for hygienic care

Suitable for measuring the temperature of liquids and semi-solids over the range of -40 to 200°C. Ideal for air conditioning, heating and ventilation, energy management and refrigeration applications.
